FLAG DAY

JUNE 14

Message from our Supreme President

Michael J. Horvath

First, a very big Thank You, Veľké D'akujem, to all of the first responders who are working every day to help keep some normalcy to our lives by doing what they do to serve and protect us during these past months and days to come as they defend us from the Covid-19 virus pandemic. Your selfless and humble dedication is not going unnoticed or unappreciated. Thank you for the lives you mend and save and for the work we do not know you do or how you do it.

Welcome to the beginning of summer 2020! It is not the beginning of a summer we are normally used too and the summer of 2020 will not be like the summers of the past. Albeit with the days getting longer, the sun shining brighter and the temperature rising, our mind and body tell us we should be outside, attending church, First Communions, graduations, weddings, taking trips we have planned, preparing for our vacations and other social events. Instead we have to adjust our lives to deal with the Covid-19 virus pandemic by cancelling, delaying, postponing these events to do what we can to mitigate the chance of becoming infected or infect others. This is not to say, we cannot socialize, it means we have to be smart about how we do socialize to reduce the risk of transmitting the virus. We have seen how to do social distancing activities with the birthday, graduation and wedding parades and other unique gatherings that bring joy and happiness on everyone's faces. So as the summer of 2020 continues, be smart, be safe, and do what is right to protect yourself and others, but most of all have as much fun in the sun as you possibly can.

Your Society continues to operate under the constraints that currently exist in the business world. On the business side the Society is seeing new business come in daily and all sides of the business is being processed on time thanks to our Supreme Secretary, Scott T. Pogorelec, F.I.C., and the Home Office em-

ployees. Your excellent work shows your dedication to serving the Society and its members. You make all of us proud of what you do for us every day.

On the fraternal side, it was a big disappointment to have to cancel the 74th International Bowling Tournament two weeks ago. The Society acted on the best interests of all who would have attended but the closing of enclosed places of gatherings helped make decision easier. If there is a way to make up the tournament we certainly will think of a way.

The 65th International Golf Tournament, scheduled to be held at Seven Oaks and Black Hawk golf courses in Beaver Falls, PA on August 14-16, 2020 is still a go at this time. Since golf courses have reopened under new safety protocols the golf courses will guide us through how the tournament can be held for all participants' enjoyment and safety.

The Supreme Physical Fitness Board held Zoom meetings to discuss how to hold the Clinic, "Kruz", this summer. They will be in communication with the Group Directors and Directresses to inform them on their Clinic plans.

The Scholarship Committee met via a Zoom conference call on Saturday, May 19, 2020 to select the Slovak Catholic Sokol and the other specific named scholarship recipients. Congratulations to all who received a scholarship this year. May your education goals be reached with the financial aid these Slovak Catholic Sokol scholarships provide you.

The Slovak Catholic Sokol is looking for its 2020 Fraternalist of the Year, FOTY. I encourage all Groups, Assemblies, Wreaths, and Yes members, to submit the name of a member who meets the Fraternalist of the Year criteria via an application to the Home Office. Let us know who is a potential SCS FOTY.

I extend Happy Father's Day greetings to all our members who are blessed to have this title. I hope you are treated royally during the perfect weather day. No matter what you are doing on this Father's Day let it be the best. Let us also remember the Fathers who are no longer with us, may our memories of them

SEEING THE LIGHT

by Scott T. Pogorelec, F.I.C.

"The light shines in the darkness, and the darkness has not overcome it."
John 1:5

Greetings from the Home Office in Passaic, NJ! Hopefully, all our members are staying safe and healthy during this time. I know that it is starting to feel a little like Groundhog Day, but we are seeing some light at the end of this long tunnel. All our states have begun the process of "reopening" and it remains important that we do so carefully.

Here at the Home Office, while our Business Continuity Plan is still in effect, our staff has done a tremendous job in servicing our members and agents. While it may have took us an extra day to get back to you, we hope you have been pleased with the service provided by the Slovak Catholic Sokol. I am very proud of our Home Office Staff and their ability to keep this train moving!

This time of year gives us the opportunity to show our appreciation to those that have sacrificed so much for our freedom. With our current climate, it makes you realize that we should not take that freedom for granted. Monday, May 25th was a special day as we celebrated Memorial Day. It is a day set aside to recognize those men and women that have paid the ultimate sacrifice for our country. As members of the Slovak Catholic Sokol, we appreciate those that have sacrificed so much, and I urge all our members to pay your respects to our current soldiers and veterans alike. A simple "thank you" can go a long way.

Another important day that we will celebrate in June is Flag Day. June 14th is a day that we take seriously here at the Slovak Catholic Sokol. We not only celebrate it annually on this day, but we try to celebrate it in our daily lives. Here

is what Flag Day means to Chief Master Sgt. Scott Hubbart, Retired:

"June 14th set aside to honor another veteran - a faithful comrade who has accompanied each of us - every service member before us, to battlefields and stations in virtually every corner of the globe. For more than two centuries this veteran has always been there with us - always faithful and this vet is always ready for a parade. Our friend was there out at the cemetery last Monday when we were too busy. Not to fret, he was present and accounted for standing tall on Armed Forces Day as well. In fact our friend is always there, and in fact, often overlooked and taken for granted."

Of course, I am speaking of Old Glory, our flag. Always faithful and decked out in full glorious parade dress uniform! Our friend has guided and comforted countless numbers of our comrades in arms through the best and the worst of times. No doubt each of us can recall an example of our friend being present which might evoke strong emotions in each of us - perhaps in a parade, at a funeral for a loved one, on the battlefield, on the tail of a plane, or over an embassy in a foreign land. Our friend is always there and loves to be on parade! So, I ask you, on June 14, on Flag Day, hoist Old Glory up, salute, and give our good friend the respect and recognition he deserves."

Those are powerful words that mean so much more during these times we are living. I urge all our members to honor our symbol and honor our men and women who have paid the ultimate sacrifice.

I would like to wish all our Sokol Dads a Happy Father's Day, which we will be celebrating on June 21st, especially my Dad, our former Supreme Secretary!

Until next time, I hope all our members are staying safe, healthy, and positive! We can see the light and we will get through this together! Zdar Boh!

FLAG DAY – JUNE 14

In the United States, Flag Day is celebrated on June 14. It commemorates the adoption of the flag of the United States on

Poster commemorating the 140th Flag Day on June 14, 1917

June 14, 1777 by resolution of the Second Continental Congress. The United States Army also celebrates the U.S. Army birthday on this date; Congress adopted "the American continental army" after reaching a consensus position in the Committee of the Whole on June 14, 1775.

In 1916, President Woodrow Wilson issued a proclamation that officially established June 14 as Flag Day; on August 3, 1949, National Flag Day was established by an Act of Congress. On June 14, 1937, Pennsylvania became the first U.S. state to celebrate Flag Day as a state holiday, beginning in the town of Rennerdale.

New York Statutes designate the second Sunday in June as Flag Day, a state holiday.

Perhaps the oldest continuing Flag Day parade is in Fairfield, Washington. Beginning in 1909 or 1910, Fairfield has held a parade every year since, with the possible exception of 1918, and celebrated the "Centennial" parade in 2010, along with some other commemorative events. Appleton, Wisconsin, claims to be the oldest National Flag Day parade in the nation, held annually since 1950.

Quincy, Massachusetts, has had an annual Flag Day parade since 1952 and claims it "is the longest-running parade of its kind" in the U.S. The largest Flag Day parade had been held annually in Troy, New York until 2017, which based its parade on the Quincy parade and typically draws 50,000 spectators. In addition, the Three Oaks, Michigan, Flag Day Parade is held annually on the weekend of Flag Day and is a three-day event and they claim to have the largest flag day parade in the nation as well as the oldest. In Washington, D.C., Flag Day is celebrated heavily through the 7th and 8th Wards of the city. It is said that Clyde Thompson is the "Godfather of Flag Day". It is tradition in these wards to slow smoke various meats and vegetables. – Wikipedia

bring pleasant thoughts and smiles to our faces.

For all who have not looked at the new CSO rates, now is the time to do so. The rates offer existing and new to be members an easier way to increase your life insurance coverage or obtain new insurance. Also, the Slovak Catholic Sokol annuity rates are some of the best being offered at this time. Take a moment and call the Home office or our Director of Sales for information and advice.

We are living in unusual times, no one knows the future, so we must not give up or stop living, we all have to do our best to help and protect each other in a civil and humanitarian way until our lives come back in the post Covid-19 normal.

With God's Blessings to All!

SOKOLS FROM ASSEMBLY 48, WREATH 13 VOLUNTEER AT "GIFT OF LIFE"

Volunteers Sokols and Sokolky (l-r): Lawrence Leso, Anne Leso, Johanna Leso and Robert Leso.

Members of Assembly 48 and Wreath 13 for the second consecutive year participated along with members of the Philadelphia Fraternal Alliance in the "Home Cook Heroes" program at the Gift Of Life family house in Philadelphia, PA. Our group prepared a delicious meal of lemon chicken, au gratin potatoes and roasted veggies, along with a healthy green salad, followed, of course, by dessert of pound cake, brownies and cookies.

The Gift Of Life Family House hosts transplant patients, their families, living donors and caregivers to stay at this first class facility. Lifeline programs are also offered. Guests may stay before transplants, during time of surgery as well as follow up care after transplants. It is very rewarding for volunteers to see how grateful patients and families are to enjoy a home cooked meal.

In addition to this program, in the fall, we also participated in "Caring for Friends". This is a program for homebound seniors and others in need. We assembled over 300 breakfast/snack bags. The bags included a package of oatmeal, juice box, fruit cups, crackers and other assorted snacks. Once again recipients were very happy to receive these treats.

We anticipate future participation in these and additional volunteer acts as part of our Slovak fraternal activities.

Zdar Boh!

Thoughts from our Supreme Chaplain,
Rev. Andrew S. HvozdoVIC

A PRAYER AMID THE PANDEMIC

*Jesus Christ, you traveled through towns
and villages*

"curing every disease and illness."

At your command, the sick were made well.

Come to our aid now,

*in the midst of the global spread
of the coronavirus,*

that we may experience your healing love.

Heal those who are sick with virus.

*May they regain their strength
and health through quality medical care.*

Heal us from our fear,

*which prevents nations from working together
and neighbors from helping one another.*

Heal us from our pride,

*which can make us claim invulnerability
to a disease that knows no borders.*

Jesus Christ, healer of all,

stay by our side in this time of uncertainty and sorrow.

Be with those who have died from the virus.

May they be at rest with you in your eternal peace.

Be with the families of those who are sick or have died.

As they worry and grieve,

defend them from illness and despair.

May they know your peace.

Be with the doctors, nurses, researchers

and all medical professionals

*who seek to heal and help those affected
and who put themselves at risk in the process.*

May they know your protection and peace.

Be with the leaders of all nations.

Give them the foresight to act with charity and true concern

for the well-being of the people they are meant to serve.

*Give them the wisdom to invest in long-term solutions
that will help prepare for or prevent future outbreaks.*

*May they know your peace, as they work together
to achieve it on earth.*

Whether we are home or abroad,

surrounded by many people suffering

from this illness or only a few,

Jesus Christ, stay with us

as we endure and mourn, persist and prepare.

In place of our anxiety, give us your peace.

Jesus Christ, heal us.

from Slovakia...****VENTILATOR DESIGNED BY YOUNG SLOVAK
SCIENTISTS GOES INTO PRODUCTION**

An alternative volume-regulated portable lung ventilator called Q-vent, which was designed by young Slovak scientists, has already gone into serial production.

The lung ventilator, which provides bridging ventilation in conditions in which it isn't possible to use professional equipment, was created by PhD students of the Physical and Theoretical Chemistry Department at the Bratislava-based Comenius University, Samuel Furka and Daniel Furka, head of the outpatient chemotherapy department of the National Oncology Institute Patrik Palacka and student of Comenius's Medical Faculty Dalibor Gallik.

As soon as serial production of the ventilator was launched, it was offered free of charge to Italy and other countries as part of humanitarian aid via the Slovak Foreign Affairs Ministry.

Using an airway tube, Q-vent assists a sedated patient to breathe for 24 hours and in portable mode for six hours. Its sensor indicates when the patient wakes up and begins to breathe spontaneously. Its filter contains a UV steriliser and a special ceramic filter insert that was produced via 3D printing by Marian Janek's team from the Inorganic Materials Department of the Slovak Technical University in Bratislava.

The scientific team financed the development of the device from its own resources, and serial production was launched thanks to support from the dean's office of Comenius's Faculty of Natural Sciences and two companies called Koval Systems and Embasys. The creators of the project pointed to the fact that financial support is needed in order to continue production, and the young scientists have asked several institutions for this. "Paradoxically, gaining at least a small amount of financial support for a project that represents Slovakia in the international context is much more demanding than the whole process of development, testing and launching the serial production of the device," stated Samuel Furka.

The project's creators believe that Slovak governmental institutions will support serial production of the Q-vent ventilator so that clinical testing can start as soon as possible.

**CHILDREN COULD BE ALLOWED TO GO TO SCHOOL FOR
ONE MONTH IN SUMMER**

Prime Minister Igor Matovic conceded that children could be "allowed" to go to school for at least a month during the two-month holidays in July and August to make it up at least partly for the coronavirus break, now lasting nearly two months.

Nevertheless, Matovic said that this will be possible only if Slovakia continues doing well vis-a-vis coronavirus.

Matovic again reiterated one of his key policy statements regarding coronavirus, namely that not politicians, but epidemiologists should be the ones to decide, including on the re-opening of

shops, for example. He called for responsibility of both the public and politicians, especially First Deputy Prime Minister and Economy Minister Richard Sulik, who's been warning for several weeks against devastating economic effects of the lockdown amid not a particularly rampant coronavirus outbreak in Slovakia.

However, Matovic claimed Slovakia is in fact doing well economically. "As we have healthy people in Slovakia, we also have the healthiest firms," he stated, adding that as soon as foreign demand recovers, Slovakia will be able to relaunch production.

When asked about his disputes with Sulik concerning the lockdown, Matovic said that shops, libraries and theatres are closed, but these facilities don't represent industry.

"I'd be very pleased if he attempted to submit to authority, at least once in his life," said Matovic in reference to the deputy head of the Cabinet, adding that experts represent authorities here. At the same time he called Sulik as "lacking responsibility".

**BAD POLISH POULTRY MEAT IMPORTED TO SLOVAKIA,
RUINS DOMESTIC FIRMS**

Defective Polish poultry meat, which would ordinarily end up in incinerators, continues to be imported to Slovakia, at the same time causing economic troubles to domestic poultry breeders, TASR was told by Daniel Molnar, director of Slovakia's Union of Poultry Breeders.

"The fact that low-quality Polish poultry meat is being imported to Slovakia was also confirmed by inspections of the State Veterinary and Food Authority in April," said Molnar, adding that this is taking place despite strict measures introduced by Slovakia.

"Polish poultry meat is being imported to Slovakia for suspiciously low prices, which subsequently squeeze the prices of Slovak production, cause huge losses to Slovak producers and endanger their very existence during the current crisis. The prices of Polish producers are far below the production cost and imperil economic competition on our market," said Molnar, adding that only 45 percent of poultry meat on the shelves of large retail chains comes from Slovak producers, as was revealed by a recent survey.

**PEOPLE CAN USE MOBILE APP
INSTEAD OF STATE QUARANTINE**

People will be able to use a mobile application introducing the so-called smart quarantine instead of state quarantine, according to an amendment to the law on protection, support for and development of public health and on electronic communications approved by Parliament on Friday, May 15. The House dealt with the amendment via a fast-track legislative procedure.

A new form of quarantine via a mobile app should ease the burden on state quarantine facilities. "It would also have a less invasive effect on people arriving in Slovakia from abroad and at the same time provide a level of compliance with quarantine measures comparable to that of compulsory state quarantine," stated the Health Ministry that submitted the amendment.

The app would be provided free of charge. The state hopes that it will reduce budget expenditure. At the same time, it would free up hundreds of police officers, fire-fighters and soldiers currently carrying out tasks related to state quarantine.

People who agree to such a form of quarantine will be obliged to install and use a mobile app to allow adherence to be monitored. They will also be obliged to enable access to data concerning the mobile device's location and to allow the mobile device to save an image of the face of the mobile-phone user.

If you love to read.....this is just the program for you. From June 15th-August 25th keep track of the name and author of each book that you read, and have your parents verify each with a signature. If you are not reading on your own yet, it is perfectly OK to have a parent, grandparent, babysitter....etc. read to you. Try to read books that not only interest you, but challenge you as well. I will need the completed reading lists returned to me no later than **September 14th**. Include your name, address, Group number and age so that I can recognize you in the paper.

Father's Day is a celebration honoring fathers and celebrating fatherhood, paternal bonds, and the influence of fathers in society. The tradition was said to be started from a memorial service held for a large group of men who died in a mining accident in Monongah, West Virginia in 1907. It was first proposed by Sonora Dodd of Spokane, Washington in 1909. It is currently celebrated in the United States annually on the third Sunday in June.

Father's Day was inaugurated in the United States in the early 20th century to complement Mother's Day in celebrating fathers, fathering, and fatherhood.

Father's Day was founded in Spokane, Washington at the YMCA in 1910 by Sonora Smart Dodd, who was born in Arkansas. Its first celebration was in the Spokane YMCA on June 19, 1910. Her father, the Civil War veteran William Jackson Smart, was a single parent who raised his six children there. After hearing a sermon about Anna Jarvis's Mother's Day at Central Methodist Episcopal Church in 1909, she told her pastor that fathers should have a similar holiday honoring them. Although she initially suggested June 5, her father's birthday, the pastors did not have enough time to prepare their sermons, and the celebration was deferred to the third Sunday of June.

It did not have much success initially. In the 1920s, Dodd stopped promoting the celebration because she was studying in the Art Institute of Chicago, and it faded into relative obscurity, even in Spokane. In the 1930s Dodd returned to Spokane and started promoting the celebration again, raising awareness at a national level. She had the help of those trade groups that would benefit most from the holiday, for example the manufacturers of ties, tobacco pipes, and any traditional present to fathers. Since 1938 she had the help of the Father's Day Council, founded by the New York Associated Men's Wear Retailers to consolidate and systematize the commercial promotion. Americans resisted the holiday during a few decades, perceiving it as just an attempt by merchants to replicate the commercial success of Mother's Day, and newspapers frequently featured cynical and sarcastic attacks and jokes. But the trade groups did not give up: they kept promoting it and even incorporated the jokes into their adverts, and they eventually succeeded.

A bill to accord national recognition of the holiday was introduced in Congress in 1913. In 1916, President Woodrow Wilson went to Spokane to speak in a Father's Day celebration and wanted to make it official, but Congress resisted, fearing that it would become commercialized. US President Calvin Coolidge recommended in 1924 that the day be observed by the nation, but stopped short of issuing a national proclamation. Two earlier attempts to formally recognize the holiday had been defeated by Congress. In 1957, Maine Senator Margaret Chase Smith wrote a proposal accusing Congress of ignoring fathers for 40 years while honoring mothers, thus "[singling] out just one of our two parents". In 1966, President Lyndon B. Johnson issued the first presidential proclamation honoring fathers, designating the third Sunday in June as Father's Day. Six years later, the day was made a permanent national holiday when President Richard Nixon signed it into law in 1972.

FATHER'S DAY MANCAKE PANCAKES

- 8 slices bacon
- 1/3 cup packed brown sugar
- 1 teaspoon vegetable oil, or as needed
- 1 1/2 cups all-purpose flour
- 3 tablespoons white sugar
- 1 1/2 teaspoons baking powder
- 10 fluid ounces dad's favorite beer, or more if needed
- 3 tablespoons unsalted butter, melted
- 1/2 teaspoon salt
- 1/2 teaspoon vanilla extract (optional)

Preheat oven to 350 degrees F. Line a baking sheet with aluminum foil. Place a wire rack on top of baking sheet; place bacon strips on wire rack. Bake in the preheated oven for 10 minutes; remove from oven and sprinkle tops of bacon strips with half the brown sugar. Return to oven and bake 10 more minutes. Remove from oven and flip bacon to other side; sprinkle with remaining brown sugar and bake until bacon is crisp and brown sugar is golden brown, 10 to 15 more minutes. Remove bacon, let cool, and crumble into small pieces. Lightly grease a skillet with vegetable oil and place over medium-high heat. Whisk flour, white sugar, and baking powder in a large bowl; in a separate bowl, whisk beer, melted butter, salt, and vanilla extract. Lightly stir the liquid ingredients into the flour mixture to make a smooth batter. Stir candied bacon pieces into the batter. Pour batter into the hot skillet 1/2 cup at a time and cook until edges are browned, about 2 minutes; flip pancake and cook until golden brown and the center is set, 3 to 5 more minutes.

DADDY'S SAVORY TOMATO BISCUITS

- 3 cups self-rising flour
 - 1/8 teaspoon baking soda
 - 1/8 teaspoon salt
 - 1 teaspoon white sugar
 - 1/2 cup shortening
 - 1 cup tomato-vegetable juice cocktail
- Preheat oven to 400 degrees F. Grease a baking sheet. Stir the flour, baking soda, salt, and sugar together in a bowl, and cut in the shortening with a pastry cutter until the mixture looks like crumbs. Mix in the vegetable juice cocktail just until moist, and turn out onto a well-floured work surface. Gently knead several times just until dough holds together, roll out to 1/2-inch thick, and cut into rounds with a biscuit cutter. Place the biscuits onto the prepared baking sheet. Bake until risen and lightly browned, 8 to 10 minutes.

BURGER WITH CAJUN MAYO

- 1/2 cup mayonnaise
 - 2 teaspoons Cajun seasoning
 - 1 pounds ground beef sirloin
 - 1 jalapeno pepper, seeded and chopped
 - 1/2cup diced white onion
 - 1 clove garlic, minced
 - 1 teaspoon Worcestershire sauce
 - 4 slices pepperjack cheese
 - 4 hamburger buns, split, 4 leaves lettuce, 4 slices tomato
- In a small bowl, mix together the mayonnaise and 1 teaspoon of Cajun seasoning. Set aside. In a large bowl, mix together the ground sirloin, jalapeno pepper, onion, garlic, 1 tablespoon Cajun seasoning, and Worcestershire. Divide into patties and cook them on the grill for about 5 minutes per side, or until well done. During the last 2 minutes, lay a slice of cheese on top of each patty. Spread the seasoned mayonnaise onto the insides of the buns. Put burgers in the buns, and top with lettuce and tomato to serve.

SLOVENSKÁ EKONOMIKA SA OCITLA NA CHVOSTE EURÓPSKEJ ÚNIE

Slovenská ekonomika v prvom štvrtroku tohto roka zaznamenala v stálych cenách medziročný pokles o 3,9 percenta. HDP tak zaznamenal prvý prepád od globálnej ekonomickej krízy v roku 2009.

Po očistení výsledkov o sezónne vplyvy sa hrubý domáci produkt znížil medziročne o 4,1 percenta a oproti 4. štvrtroku minulého roka o 5,4 percenta. Vyplýva to z rýchleho odhadu HDP, ktorý v piatok zverejnil Štatistický úrad.

V marci Slovensko oznámilo prvý potvrdený prípad koronavírusom, po ktorom vláda zaviedla rôzne obmedzenia.

Niektoré veľké podniky boli takisto nútené prerušiť výrobu.

“Nepriaznivý ekonomický vývoj (v 1. štvrtroku) evidujeme kvôli poklesu pridanej hodnoty v kľúčových odvetviach priemyslu, hlavne vo výrobe automobilov a tiež vo viacerých sektoroch služieb,” uviedli štatistici.

K poklesu ekonomiky podľa nich prispel nižší zahraničný dopyt. Rast domáceho dopytu potom označili za nedostatočný, najviac sa zvýšili výdavky vlády.

Spresnené údaje o vývoji slovenského hospodárstva štatistický úrad zverejní na začiatku júna.

Už ale upozornil, že vzhľadom na situáciu okolo choroby covid-19 a na dostupnosť dát môžu byť údaje spresnené vo väčšej miere ako tomu býva obvykle.

Ekonomické výsledky Slovenska zaostávajú aj za ostatnými krajinami Európskej únie.

Pokles ekonomiky sa na Slovensku prejavil aj v znížení zamestnanosti. Tá v prvom štvrtroku medziročne klesla o 0,5 percenta, kým v poslednom štvrtroku vlašajška sa ešte o 0,7 percenta zvýšila.

Hospodárstvo Slovenska v štvrtom vlašajšom štvrtroku oproti predchádzajúcim trom mesiacom ešte vykázalo rast o 0,6 percenta, medziročne ekonomika po revízii dát vzrástla o 2,1 percenta.

V krízovom roku 2009 slovenská ekonomika zaznamenala prepád o 5,5 percenta.

Národná banka Slovenska v aprílovej prognóze odhadla, že ekonomika tento rok podľa najpravdepodobnejšieho scenára klesne kvôli dopadom covidu-19 zhruba o deväť percent. Ministerstvo financií očakáva prepád HDP o 7,2 percenta. - ČTK

ČASŤ VÝROBY VOLKSWAGENU SA OPÄŤ ZAČALA TROJZMENNÚ PREVÁDZKU

Koncom mája prešla časť výroby najväčšej automobilky na Slovensku, Volkswagen Slovakia, na trojzmennú prevádzku.

Ako uviedla hovorkyňa fabriky Lucia Makayová, výrobná kapacita závodu sa od opätovného spustenia produkcie každým týždňom zvyšuje.

“Časť výroby prešla na trojzmennú prevádzku, pričom automobilka vyrába už od konca apríla všetky modely produktového portfólia,” dodala.

Volkswagen Slovakia v reakcii na klesajúci dopyt na trhoch s vozidlami a obmedzenia v dodávateľskom reťazci prerušil výrobu 17. marca tohto roku, pôvodne na dva týždne. Potom automobilka odstávku predĺžila do 5. apríla vrátane, neskôr informovala, že predlžuje prerušenie výroby vo všetkých troch tuzemských závodoch o ďalšie štyri pracovné dni (do Veľkej noci) a napokon sa rozhodla, že dočasné zastavenie výroby bude pokračovať aj v 16. kalendárnom týždni (do 19. apríla 2020).

NEDOSTATOK ZRÁŽOK NA SLOVENSKU MÔŽE POZNAČIŤ AJ TOHTOROČNÚ ÚRODU

Dlhodobé suchá ohrozujú úrodu na Slovensku. Situácia spôsobená nedostatkom zrážok je kritická najmä na juhozápadnom Slovensku a na Záhorí. Suchá môžu poznačiť aj tohtoročnú úrodu.

Sucho trápi podľa jeho slov nielen Slovensko, ale tiež okolité štáty. Sucho sa v slovenských podmienkach kumuluje od jedného roka k druhému. Bezprostrednejšie príčiny sa začali už počas poslednej zimy, ktorá bola mimoriadne teplá. Patrila medzi najteplejšie zimy, ktoré boli v histórii meteorologických meraní u nás zaznamenané.

Na krajnom západe Slovenska na niektorých meteorologických staniciach dosiahol úhrn zrážok v apríli za celý mesiac iba jeden milimeter. Na bratislavskom letisku ide o najnižší mesačný úhrn zrážok v apríli od roku 1951.

Stav zrážok bol nepriaznivý pre celé územie Slovenska, iba výnimočne miestami napršalo 40 milimetrov.

Dosahy sucha by mohli mať potenciálny vplyv na poľnohospodárstvo. Sucho by mohlo spôsobiť stratu výnosov vo výške približne 30 až 40 percent, lokálne by sa straty mohli vyšplhať aj nad 40 percent.

Vplyv by sucha malo mať najmä na obilniny, konkrétne na pšenicu, jačmeň, repku, kukuricu, cukrovú repu aj zemiaky. Tiež by sa malo dotknúť lesníctva.

Na to, aby sa situácia zlepšila, je podľa Slovenského hydrometeorologického ústavu potrebný dlhodobý dážď nižšej intenzity.

VIETE, ŽE...

...15. mája 1940 dali v USA do predaja nylonové pančuchy? Záujem bol tak veľký, že v celých Spojených štátoch sa štyri milióny párov pančúch vypredal za pár hodín. Jeden pár nyloniek stál 1,15 – 1,35 dolára, čo bolo dvojnásobne viac ako cena za dovtedajšie pančuchy z hodvábu.

Kaštieľ vo Svätom Antone v okrese Banská Štiavnica, národná kultúrna pamiatka od roku 1985, bol dostavaný v roku 1750 a jeho dejiny sú úzko späté s rodmi Koháry a Coburg. Bohato zariadené salóny pôvodným nábytkom odzrkadľujú spôsob života, vkus a záľuby týchto dvoch rodín. Legenda hovorí o symbolike kalendára, pôvodne mal 4 vchody (ročné obdobia), 7 arkád (dni v týždni), 12 komínov (mesiacov v roku), 52 izieb (týždňov v roku) a 365 okien (dní v roku).

KRÁTKE SPRÁVY ZO SLOVENSKA

Traja najvyšší slovenskí ústavní činitelia, prezidentka Zuzana Čaputová, premiér Igor Matovič a predseda parlamentu Boris Kolár, si 8. mája pripomenuli 75. výročie ukončenia druhej svetovej vojny pri Pamätníku a vojenskom cintoríne Háj Nicovô v Liptovskom Mikuláši. "Prišla som si sem dnes uctiť pamiatku všetkých tých, ktorí obetovali svoje životy za našu slobodu a prejavili vďaku. Jednak našim predkom, dedom a pradedom, ale aj všetkým hrdinom spojeneckých vojsk. Vieme, že tu zahynulo mnoho vojakov z Ruska, z Veľkej Británie, z Francúzska a Spojených štátov amerických. Všetkým im patrí veľká vďaka a naša úcta," povedala po pietnom akte prezidentka Čaputová.

Spoločnosť Jaguar Land Rover Slovakia obnovila 18. mája výrobu vo všetkých svojich prevádzkach v nitrianskom závode. Výroba v závode bola prerušená od 20. marca. V závode zostali pracovať len vybrané tímy zabezpečujúce výrobu vozidla Land Rover Defender a tie, ktoré boli určené na zabezpečenie nevyhnutných prevádzkových činností. Vedenie automobilky oznámilo koncom apríla, že výrobu začne postupne obnovovať od polovice mája, pričom medzi prvými budú závody v Nitre, v Solihulle vo Veľkej Británii a v Rakúsku. Zároveň upozornilo, že obnovenie výroby v ďalších závodoch potvrdí vedenie spoločnosti v závislosti od toho, ako budú jednotlivé krajiny zmierňovať opatrenia vzhľadom na nový koronavírus týkajúce sa osobnej vzdialenosti a ako sa vo svete začnú otvárať obchodné prevádzky.

Slovenská jahňacina sa podľa agrozozortu po dlhých desaťročiach vracia na pulty slovenských obchodov. Pre koronavírus na jar Taliansko, tradičný odberateľ jahňaciny slovenských ovčiarov, uzavrelo hranice a na Slovensku nastala kríza chovateľov oviec, ktorí nevedeli svoju produkciu nikde umiestniť. Slovenskí chovatelia tak podľa ministerstva prijali pomocnú ruku agrozozortu, ktorá im pomohla celú situáciu prežiť. Potrebovali umiestniť približne 90 000 jahniat. Po mediálnej propagácii tejto situácie sa záujem o kúpu jahňacieho mäsa výrazne zvýšil. Chovateľom volajú ľudia z celého Slovenska a mnohí majú záujem jahňacinu vyskúšať prvýkrát.

Letecká doprava na Slovensku by sa mohla obnoviť v júli, odhaduje minister dopravy SR Andrej Doležal, ktorý tvrdí, že nemá zmysel otvoriť leteckú prepravu na Slovensku nekoordinovane s ostatnými krajinami. Uviedol to po návšteve bratislavského letiska 15. mája.

Slovenský trh s automobilmi má za sebou jeden z najhorších mesiacov v histórii. Koronakríza ochromila globálnu výrobu vozidiel narušením dodávateľsko-odberateľských vzťahov, no najväčším problémom bol ochromený dopyt. Slovenskí zákazníci si v apríli kúpili menej ako 3 800 vozidiel, čo predstavuje 61-percentný medzročný pokles. Zákazníci podľa analytikov odkladajú nákupy dlhodobej spotreby, čo sa prejavilo na strategických trhoch v Ázii či Európe prepadmi presahujúcimi 80 či dokonca 90 percent.
