HELLO,
AUTUMN!
Message from our Supreme President
Michael J. Horvath

The summer of 2020 has vanished and we are now embracing the beginning of autumn. As the days get shorter and the temperature begins to drop to give us the crisp fresh air feeling with the frosty mornings we start to put away all the reminders of summer. This transition however sad opens up the new season of fall sports and different outside and indoor activities. This year will be different since we still are battling COVID-19 and the ups and downs it is causing all of us. All we can do is enjoy the autumn life with what we like to do at this time of the year with as much gusto we can endure.

The Board of Directors held their third quarterly meeting on September 17, 2020 via Zoom. Even though online meeting are a way to communicate they do not provide all what a meeting is about and that is the person-to-person interaction. As long as the threat of COVID-19 exists, there is no correct answer to when and how to hold in person meetings. So Zoom it is until assurance is given that it is safe enough to meet in person.

The Board has directed the Supreme Physical Fitness Board (SPFB) to continue to plan for the Slovak Catholic Sokol to hold all of its fraternal events in 2021. The SPFB plans have made the arrangements to hold our International bowling and golf tournaments in 2021. They also have the plans in place for the 50th International Slet for July 2021 at Kutztown University. Everyone is hoping nothing will interfere with holding these fraternal events but plans are in place. If they have to be canceled, something we all hope does not happen we will keep everyone updated as time marches on.

The SPFB has started a calendar of online activities it wants to do every month via Zoom. Supreme Physical Fitness Directress Katie Swift came up with the calendar so all Sokol members can participate in them which will keep members engaged and informed. The list of event activities will be posted and members can join an event if they are interested in participating. This is thinking out of the box and using technology at its best. Thank you SPFB for keeping members involved.

Autumn is the time we appreciate our harvest and give thanks to all that we have and enjoy. May all of our members in Group 19 have a wonderful Thanksgiving Day on Tuesday, October 12, 2020.

It is important that all Groups publish the dates of their annual meetings so all the members of the Group know the Group’s plans. This information should include the date and time of the meeting and location and this information will be published in the Falcon, placed in our electronic newsletter and placed on our website. Any President having any questions regarding their annual meeting should contact our Supreme Secretary, Scott T, Pogorelec, F.I.C.

What will Halloween look like this year? I hope it does not change since all the little Ghouls, Goblins, Witches, and other monsters along with all the super heroes deserve their day to express their alter egos and do a little Trick so we can give them a Treat. Let us try our best to keep Halloween alive this year and enjoy its festivities.

Have you thought about our Drive to 50 Sales Campaign? The Drive to 50 Campaign was established to celebrate our 50th International Slet. It is an easy campaign for all members to participate in and at the same time generate rewards for you and your Group. I hope every member will get involved. If anyone has any questions contact our Director of Sales or our Supreme Secretary for assistance.

Stay safe and healthy, And With God’s Blessings to All!
Zdar Boh!
Open my eyes, that I may behold wondrous things out of your law. I am a sojourner on the earth; hide not your commandments from me! Psalm 119: 18-19

Greetings from the Home Office! I hope everyone is enjoying the slightly cooler temperatures and the beautiful colors that spread through the Fall Season. While we are still going through some tough times, I think that most of us have adapted to this unorthodox way of life.

But adaptation does not mean acceptance. It simply means that our people can tackle any obstacle that comes our way. This pandemic will not last, we will get a vaccine as we have done in the past for other viruses, and we will get back to our “normal” way of life sooner rather than later. And if it takes a little longer than expected, we will still be fine, as we are all Sokol Strong!

As the summer months come to an end and we transition into autumn, this is always a good time to do a life checklist. One of those items on that checklist should be answering if you have enough life insurance coverage. This past September was Life Insurance Awareness Month. It is an industry wide campaign designed to educate Americans about the importance of life insurance and helping them get the coverage they need. In honor of this month, I urge all our members to examine your current life insurance and find out if you are adequately covered. Unfortunately, I can tell you that a good number of our members are under insured, but we can fix that. We are currently running our Drive to 50 Campaign that offers wonderful benefits to all our current members and an added benefit to our Groups. For more information regarding the campaign, check our website, www.slovakcatholicsokol.org.

If you have any questions and need assistance, please contact our Director of Sales, Albert J. Suess, Jr., F.I.C., at (412) 381-5431 or give me a call at the Home Office at (800) 886-7656, and we would be more than happy to assist you. Remember, life insurance coverage protects the people that are most valuable to you, your loved ones!

Speaking of awareness, October happens to be National Breast Cancer Awareness Month. Every October, all major breast cancer charities look to increase awareness of the disease and to raise funds for research into its cause, prevention, diagnosis, treatment, and cure. There are many walks, runs and activities around the country in support of this directive. I know that some of these have been impacted by Covid-19, but I would like to urge all our members, Assemblies, Wreaths and Groups to get involved as we all know someone who has been affected by this disease. As the strong fraternal that dedicates our time to helping others, this is a cause that is right up our alley, even if we must do so virtually!

Until next time, have a great October! Stay strong, stay safe, and STAY POSITIVE!

Zdar Boh!

GROUP 5 announces that their normal annual meeting held in October will be cancelled this year due to the restrictions of Covid-19. Please notify president Kathy Figard (330-734-9275) of any business or issues that need addressed. Hopefully we can safely gather in the spring for our semi-annual meeting. – Karen Hutnick, president

GROUP 6 “Msgr. Andrew Hlinka” of Perryopolis, PA will not be hosting its traditional fall dinner meeting this year due to the corona virus pandemic. We will wait until the spring of 2021 for a potential meeting. In the meantime, the officers will communicate by phone as needed to keep the Group active. Wishing all a pleasant and healthful fall season. Zdar Boh! – Anna Mae Warnick, President; Terri Gardner, Secretary

GROUP 7 – Wilkes-Barre, PA will not be hosting their Annual Sokol Day this year due to Covid-19. We hope all our members, family and friends are well during this time and we thank you for your continued support.

GROUP 11 – Minneapolis Group 11, Assembly 34 and Wreath 47 will not host an annual meeting this year. Officers may send their reports to Group 11 president David J. Genosky. On Sunday, October 11, Mass will be celebrated for the living and deceased members at SS. Cyril and Methodius Church, 1315 2nd Street N.E. at 9:30 a.m. Any questions, feel free to call me at tel. 763-789-9196.

– James T. Genosky, Secretary

GROUP 18 meeting originally scheduled for October 18 at The Station in Tamaqua, PA has been cancelled until the Spring of 2021 due to Covid-19.
WHY IS OCTOBER REFERRED TO AS THE MONTH OF THE ROSARY?

The answer to this question is relatively simple but needs a historical context in order to be fully appreciated.

The short answer is this: October is dedicated as the Month of the Rosary because we celebrate the memorial of Our Lady of the Rosary each year on October 7.

To understand this feast, we need to go back in time. In the 16th century, the Islamic Ottoman Empire presented a serious military threat to western Europe and sent a fleet of ships to attack Christian defenses in southern Europe. Pope Pius V recognized the grave danger and organized a fleet called the Holy League to confront the navy of the Ottoman Turks.

On October 7, 1571, the two navies engaged in a pivotal battle that would determine who controlled maritime traffic in the Mediterranean, Adriatic and Aegean seas. The fate of western Europe depended upon the success of Christians in this naval battle, which involved more than 400 warships (it was the largest naval battle in Western history for centuries).

Pius V knew he needed more than just military strength to defend Christian Europe, so he asked that all the faithful pray the rosary, requesting the intercession of the Blessed Mother. At the end of the Battle of Lepanto, the Holy League was victorious and the maritime expansion of the Ottoman Empire was permanently prevented.

The next year, Pius V established a feast on October 7 in honor of the Blessed Mother, originally called Our Lady of Victory. After a few centuries, the name was changed to Our Lady of the Rosary to more clearly recognize that prayer was the greatest power at work that day on the seas.

In 1571, the rosary was still a relatively new prayer form for the universal church. Pope Pius V had issued a decree formally establishing devotion to the rosary in the papal bull Consueverunt Romani Pontifices just two years before the Battle of Lepanto. The Holy Father’s universal promulgation recognized the growing devotion to the Blessed Mother throughout Europe, as well as the increased prayer of the rosary in various locations. Devotion to the rosary was especially promoted in the 13th century by St. Dominic and in the 16th century by St. Peter Canisius (who, according to tradition, added the final verse to the Hail Mary, in which we pray, “Holy Mary, Mother of God, pray for us sinners now and at the hour of our death” — printed officially in the Catechism of the Council of Trent in 1566; the first two verses of the Hail Mary are adapted from Luke 1:28 and 1:42).

The origins of the rosary are complex. The use of knotted ropes to count prayers or scriptural verses (including the Lord’s Prayer and the Jesus Prayer) is an ancient practice and is even found in non-Christian cultures. Most probably, the Christian recitation of 150 such prayers was intended to mirror the monastic prayer of the Liturgy of the Hours in which monks prayed all 150 psalms each day.

The structure of the rosary as we know it today developed significantly from the 12th to the 14th centuries as the larger collection of 150 prayers was further divided into groups of 50 and separated by biblical verses or themes (now referred to as mysteries). It is these mysteries, like a grouping of common roses in a garden, that gave the name rosary to this prayer form.

The rosary is a living prayer form and continues to develop even in recent times. An invocation known as the Fatima Prayer was commonly added in the early 20th century. In 2002 Pope John Paul II added a new set of five reflections called the Luminous Mysteries which encourage additional meditations on the life of Jesus.

The rosary is an invitation to experience the grace of Mary’s spiritual motherhood as she leads us to her Son, Jesus. For this reason, it has been an invaluable source of countless spiritual graces for the saints. Remember, every time you pray the rosary you are given the privilege and honor of pronouncing the holy name of Jesus more than 50 times.

The wealth of spiritual graces offered through the rosary comes not from the multiplication of prayers (see Matthew 6:7) but from the imitation of Christ through obedience to the Father’s will, according to the example of the Blessed Mother.

Maybe October would be a good month to turn off the radio or podcast as you commute to work or school and pray the rosary instead. See what graces the Lord wants to pour into your life from the rose garden of this daily meditation.

On Sunday, November 1st, 2020, 1 p.m., the Slovak Studies Program at the University of Pittsburgh will be hosting their Slovak Heritage Festival virtually. Due to the COVID-19 restrictions this year, the festival, now in its 30th year, will be live streamed on Facebook and YouTube.

The University of Pittsburgh is the only university in the United States where students can take Slovak language and culture classes and opt to receive a Minor in Slovak Studies. The Slovak Studies Program has welcomed students, professors, and employees from universities across the greater Pittsburgh area. In addition to being able to cross file for classes from local universities, students sometime come from universities around the country for a semester or two on a Foreign Language and Area Studies Fellowships Program scholarship.

Nearly 30 years ago the Slovak Studies Program and Slovak Student Club at the University of Pittsburgh came together to celebrate the program with an annual cultural heritage festival. This year, many of the regular festival performers will be sending in archival footage, or recording a demonstration.

The festival is the second largest Slovak festival in North America and the only festival to include an academic component. During the festival attendees regularly attend lectures and films about Slovak history, language, culture and genealogy.

Lyon Zeibak, the festival director, said that while this year's format provided challenges, it also provided many opportunities. “The Pittsburgh region has the highest concentration of people of Slovak heritage outside of Slovakia itself. This is an opportunity to introduce the rest of the world to our community,” remarked Zeibak.

In an attempt to replicate the fun of greeting old friends and making new ones at the festival, anyone will be able to submit an advance short video greeting to festival watchers. “We are hoping to hear from not just members of our local community, representing their organizations and families, but also from friends in other states and in Slovakia itself,” explained Zeibak. “Anyone anywhere can record a brief greeting with their mobile phones, in front of or by an important landmark, for example, and highlight an area of Slovak cultural significance along with their message.”

Zeibak said he couldn’t guarantee all messages would be included in the festival but encouraged anyone who is interested in participating to follow the festival Facebook page. For more details on how to submit those videos and how to watch the festival at home go to the festival Facebook page: https://www.facebook.com/SlovakHeritageFestival/

ORIGINS OF HALLOWEEN

Halloween is a holiday celebrated each year on October 31, and Halloween 2020 will occur on Saturday, October 31. The tradition originated with the ancient Celtic festival of Samhain, when people would light bonfires and wear costumes to ward off ghosts. In the eighth century, Pope Gregory III designated November 1 as a time to honor all saints. Soon, All Saints Day incorporated some of the traditions of Samhain. The evening before was known as All Hallows Eve, and later Halloween. Over time, Halloween evolved into a day of activities like trick-or-treating, carving jack-o-lanterns, festive gatherings, donning costumes and eating treats.

FUN FACTS ABOUT HALLOWEEN
• “Jack O'Lantern” comes from the Irish legend of Stingy Jack. The first “Jack O’Lanterns” were made out of turnips.
• Candy corn was originally called Chick-en Feed.
• Halloween is the second-most commercial American holiday of the year. The candy industry in America rakes in an average of $2 billion annually thanks to Halloween (that’s 90 million pounds of chocolate).
• Black and orange are typically associated with Halloween. Orange is a symbol of strength and endurance and, along with brown and gold, stands for the harvest and autumn. Black is typically a symbol of death and darkness and acts as a reminder that Halloween once was a festival that marked the boundaries between life and death.
• Pumpkins are classified as a fruit, not as a vegetable. In fact, in 2006, New Hampshire declared that its state fruit is the pumpkin.
• The average bag of candy that one child will collect on Halloween contains about 11,000 calories.

We can’t always choose the music life plays for us, but we can choose how we dance to it.

You will teach them to fly, but they will not fly your flight. You will teach them to dream, but they will not dream your dream. You will teach them to live, but they will not live your life. Nevertheless, in every flight, in every life, in every dream, the print of the way you taught them will remain.

Mother Teresa
Strict epidemiological measures affected the festivities of Our Lady of Sorrows, the patroness of Slovakia, with a mere 500 people let in for the central pontifical mass in the national shrine in Sastin (Trnava region) on Tuesday, September 15, while only 1,000 were allowed to gather in front of the basilica. As the Slovak Bishops Conference decided that what is usually a national pilgrimage would be only a parish event this time, only three bishops (all from Bratislava) were present in the gap-filled Baroque basilica, where everyone was wearing face masks. "There's probably no stronger image in these moments than that of Mary standing beneath the cross, pierced with a sevenfold sword of sorrow ... It's a moment of raw violence and arrogant mockery by the powerful," said Metropolitan Archbishop of Bratislava Stanislav Zvolensky in his sermon, before highlighting the need for hope vis-a-vis COVID-19 and beyond.

RUSSIA EXPELS THREE SLOVAK DIPLOMATS

Russia has expelled three Slovak diplomats in retaliation for a similar step taken by Slovakia in early August, Russian Foreign Affairs Ministry announced on Monday, August 31st.

Slovak Ambassador to Russia Peter Priputen was summoned to the Russian Foreign Affairs Ministry on Monday. A resolute protest was expressed to him over the expulsion of three Russian diplomats from Slovakia in August, the Russian ministry wrote on its website. The ministry views their expulsion as “a move running counter to the traditional spirit of constructive relations between the two countries”.

Priputen was told that Russia on a basis of reciprocity has made a decision to expel three Slovak diplomats serving in Moscow.

Three Russian diplomats were expelled from Slovakia in early August for their alleged involvement with Russian intelligence services. Director of Foreign and European Affairs Ministry press department Juraj Tomaga said that Slovak intelligence services determined that the activities of the three diplomats were in breach of the Vienna Convention on Diplomatic Relations.

“Furthermore, a visa issued by the Slovak general consulate in St. Petersburg was misused, and in this context a serious crime was committed on the territory of another NATO and EU-member state,” added Tomaga.

KORCOK: IT’S NECESSARY TO FIRM UP TIES BETWEEN USA AND EUROPE

There’s a growing need for regular communication between USA and European countries in order to face new challenges, chief of Slovak diplomacy Ivan Korcok underlined in his discussion with US Assistant Secretary of State for European and Eurasian Affairs Philip T. Reeker at Globsec conference on Wednesday, August 26th.

Also broached were recent events in Belarus as well as seditious propaganda and disinformation campaign in Slovakia.

Korcok noted that trans-Atlantic ties form the core of Slovak foreign affairs policy. However, these can be bolstered only if closer cooperation is fostered between USA and Europe, with an eye towards focusing on new, emerging challenges. Regular meetings between US representatives and ministers from European countries would go a long way towards that goal and also lead to the better understanding between the two sides on issues where their respective stances differ.

As for Belarus, Korcok called any rigging of the popular vote beyond the pale. He pointed out that the only demand raised by protesters is what should be the basis in any democracy and stressed the need to kickstart a dialogue between the regime and its citizens as well as political representatives.

Korcok declared his readiness to actively participate in the process. He sounded a warning note about the ongoing propaganda and misinformation campaign, however, which cannot go ignored. In this context, the foreign minister mentioned rumours floated on social media about Belarus becoming the target of encroaching “Maidanization” [a reference to 2013 protests in Kiev-ed.note], the protesters being paid by foreign actors or NATO purportedly mobilising its troops to make Belarus a colony of the West.

MARIAN K. AND ALENA ZS. ACQUITTED OF CHARGES IN KUCIAK MURDER TRIAL

The senate of the Specialised Criminal Court (STS) in Pezinok on Thursday, September 3, acquitted defendants Marian K. and Alena Zs. of the charges in the case of the murder of journalist Jan Kuciak and his girlfriend Martina Kusnirova, while at the same time convicting Tomas Sz. in the same case and sentencing him to 25 years in prison. The verdicts in the case aren’t yet valid, as appeals can be submitted with the Supreme Court.

Head of the senate Ruzena Sabova explained when reading the verdicts that it hasn’t been proven that Marian K. and Alena Zs. committed the crime for which they were charged. Marian K. was only found guilty of illegal arming, for which he has to pay a fine of 5,000 or spend five months in prison if he fails to comply with this.

Tomas Sz. was at the same time found guilty of murdering businessman Peter Molnar, of forcible entry into a dwelling, of illegal arming and arms trading, with all the crimes being carried out with complicity. He’ll serve his 25-year sentence for the murders of Kuciak, Kusnirova and Molnar in a maximum security prison.

According to the verdict, Tomas Sz. is obliged to pay the Kuciak family material damages worth 1,490 and immaterial damages amounting to 140,000. When it comes to the Molnar family, the immaterial damages that he’s obliged to cover equal 40,000. As it wasn’t proven that Marian K. and Alena Zs. committed the crime of which they were charged, the court referred the bereaved families’ demand for damages from Marian K. and Alena Zs. to a civil court process.

The court defended the acquittals by stating that it couldn’t reliably and without any doubts come to the conclusion that Marian K. and Alena Zs. were responsible for the murders of Kuciak and Kusnirova. "An existing motive and an existential threat are insufficient. A court can accuse and sentence someone only based on their illegal conduct. Such conduct wasn’t proven in the cases of Marian K. and Alena Zs. according to the court," stated head of the court senate Ruzena Sabova.

In the court’s opinion, the testimony of witness Peter Toth demonstrated that Marian K. was frustrated with journalists before the murder. He allegedly told Toth that killing one journalist would be all that it would take to scare others. The court stated, however, that uttering an idea isn’t a crime, and that it wasn’t proven that this specific idea was carried out.

The trial of Marian K. and company began in January 2020. The senate consisted of head judge Ruzena Sabova and judges Ivan Matel and Rastislav Stieranka. The criminal charges concerned six crimes, namely the murders of Kuciak and Kusnirova, the murder of Molnar, and four other crimes concerned illegal arming.

The first person to be sentenced regarding the case was Zoltan Andrusko, who acted as an intermediary of the murder. Andrusko was followed by Miroslav M., who admitted to killing the couple. While the intermediary was sentenced to 15 years after agreeing to a plea bargain, Miroslav M. was sentenced to 23 years, but his sentence isn’t valid yet, either.

The couple was shot dead on February 21, 2018 in their house in Trnava region. The news of their deaths ignited countrywide protests, which led to a change in the post of prime minister and several other ministerial posts.
PARLIAMENT PASSES RESOLUTION EXPRESSING REGRET OVER CHOVANEK’S DEATH

The Slovak Parliament has expressed regret and concern over the death of Slovak national Jozef Chovanec in Belgium at Brussels South Charleroi Airport in February 2018, condemning the inappropriate action taken by the Belgian authorities, obliging the Slovak Government to require a proper investigation of the incident and assigning of responsibility as well as expressing its sincere condolences to the family and relatives of the deceased.

Parliament did so by adopting a resolution on the death of Jozef Chovanec and the action taken by the Belgian security forces at its extraordinary meeting on Wednesday. It was presented by head of Parliament Boris Kollar (We Are Family) and Parliamentary Vice-chairs Juraj Seliga (For the People), Milan Laurenok (Freedom and Solidarity/SaS), Gabor Grendel (OLaNO) and Peter Pellegini (Independent).

“Parliament condemns the undue and rude conduct of the security forces of the Kingdom of Belgium when detecting and taking action against Mr. Chovanec,” reads the resolution. They also obliged the Slovak Government to intervene, using all diplomatic and legal means, with the Belgian Government for the purpose of properly investigating the incident and assigning criminal and disciplinary responsibility in relation to the intervention of the Belgian security forces.

“Especially with regard to the adequacy as well as its intensity and the extremist manifestations of one of the intervening members of the Belgian police who took part in the operation,” said the parliamentary leadership. The Government should also request information from the investigation of the police action and the procedure of the security forces and inform the Slovak Parliament.

At the same time, Parliament protested against the unjustified delay of the investigation and concealment of evidence.

Chovanec died in February 2018 following a tussle with police officers at Brussels South Charleroi Airport. According to what has been published in the media, the man crossed a barrier and boarded a plane without authorisation. Police officers removed him from the plane and detained him in a cell. The original reports stated that the man hit himself violently several times, forcing the police to intervene again and pacify him. Chovanec subsequently suffered a heart attack and was transported to hospital, where he fell into a coma from which he never recovered.

However, recently published footage from a camera located in the cell indicates that the events that preceded the heart attack were in fact different from what was originally stated. The video shows five police officers sitting and kneeling on the man’s chest. Another makes a Nazi salute, at which the others laugh. The officers knelt on Chovanec for 16 minutes.

LUPCA CASTLE is situated in Slovenská Lupca in the Low Tatras, Horehronie region. The castle was founded before 1250 and was originally used by the king’s family as a hunting residence. Later the castle was residence of the Lupca nobility. The property was changed into an orphanage after the fire in 1860, and during the last regime there were nuns placed in the castle. Thanks to continuous use of the castle it has survived in quite good condition. Many additional and rebuilt parts show the evidence of it. While amendment work in the 17th century the courtyard was supplemented by arcades and arches in the rooms were changed. At that period the castle was residence of the Lupca nobility. The property was changed into an orphanage after the fire in 1860, and during the last regime there were nuns placed in the castle. Thanks to continuous use of the castle it has survived in quite good condition. An interesting castle object is the well with 5 underground corridors leading from it. There is a massive 700-year-old Korvin lime tree standing next to the castle gate. A legend says that King Matej Korvin used to like sitting under the tree. It is 25 metres high and its trunk perimeter is nearly 7,5 metres. Since 1969 it has been preserved.

Christopher Columbus landed in the Bahamas, part of the Americas, on October 12th, 1492. Columbus Day is meant to celebrate this arrival. Christopher Columbus was an Italian sailor, born in Genoa, Italy in 1451. He sailed with three ships and 90 crew members on the voyage that landed him in the Bahamas. Unofficially, Columbus Day has been celebrated in the U.S. since the late 1700s, but did not become an official holiday anywhere until 1906, when it became state holiday in Colorado. It became a federal holiday in 1934 in the United States. In 1971 it became a fixed holiday, celebrated on the second Monday in October. Columbus Day is also celebrated in different countries including: Latin America, the Bahamas, Spain, Argentina, Belize and Uruguay. These countries have different names for the holiday but they all celebrate the same event.

**INTERESTING COLUMBUS DAY FACTS**

Christopher Columbus was born in 1451 in Genoa, Italy. He began sailing when he was only 15 years old.

When he set sail for the expedition, he was given three ships by the city of Palos.

He set sail in August of 1492. It was 35 days before a sailor spotted land.

The names of the three ships were the Nina, the Pinta, and the Santa Maria.

His crew consisted of 90 men.

The goal of the expedition was to chart a western sea route to India and China, as well as to the islands in Asia with spices and gold.

When Christopher Columbus landed in the Bahamas in 1492, he was the first European since the 10th century to have the opportunity to explore the Americas.

The Santa Maria did not make the return trip to Spain because it ran aground on Christmas Day. 40 men had to stay behind because there was no room on the other two ships. They stayed behind on the island Hispaniola.

Christopher Columbus made the voyage to the New World three times.

He died when he was 55, in 1506, only two years after his last trip to the New World.

Nobody is sure where he is buried as he was reburied many times in different places around the world.

Nobody is sure what he looked like, as there are no portraits known to exist.

President Roosevelt made Columbus Day a national holiday in 1934.

In 1971, the date October 12th no longer marked the holiday. It was changed to the second Monday in October.

South Dakota, Alaska and Hawaii do not recognize Columbus Day.

In Latin America they call this day Día de la Raza; in the Bahamas they call it Discovery Day; in Spain they call it Fiesta Nacional and Día de la Hispanidad; in Argentina they call it Día del Respeto a la Diversidad Cultural; in Belize they call it Day of the Americas, and in Uruguay they call it Day of the Americas.

In Puerto Rico, Columbus Day is celebrated along with Puerto Rico Friendship Day.

In Virginia, Columbus Day is celebrated along with Yorktown Victory Day.

Because Christopher Columbus was Italian, Italian-Americans celebrate Columbus Day as a celebration of their heritage.

Depending on where you live in the United States, you may see parades to celebrate the holiday. In most states, the children have the day off school.

**SOME INTERESTING FACTS ABOUT AUTUMN**

Summer may be fun, but when the weather gets cooler and the leaves start falling, we can tell that a change is happening. Autumn is the transition season that leads us from the hot, bright sunny months into the cold, dark nights of winter and all of the fun the end of the year will bring.

Pumpkins, hot apple cider, warm sweaters, fluffy scarves, boots… these are all things we have to look forward to in the coming weeks.

There are two different dates when autumn could be said to begin. Autumn, as defined by the Earth’s orbit around the Sun, begins on the equinox which falls on September 22 or 23. However, to record climate data, it is important to have set dates that can be compared, so meteorological autumn always begins on September 1.

One of the most stunning signs of autumn is the turning of the leaves. The shorter days are a sign to trees to begin to prepare for winter.

During winter there is not enough light for photosynthesis to occur, so as the days shorten throughout autumn, the trees begin to close down their food production systems and reduce the amount of chlorophyll in their leaves.

Chlorophyll is the chemical which makes tree leaves green and as it declines other chemicals become more prominent in the leaves. These are responsible for the vibrant ambers, reds and yellows of autumn. The chemicals responsible are types of flavonoids, carotenoids and anthocyanins. Some of these chemicals are the same ones that give carrots (beta-carotenes) and egg yolks (luteins) their colors?

The word equinox comes from the Latin equi (meaning equal) and nox (meaning night) accounting for the equinox marking the time when day and night are of equal length.

We often notice the nights begin to draw in from this point as after the autumn equinox, the nights are longer than the days, until this is reversed at the spring equinox.

Generally speaking, the autumn equinox always falls on either September 22 or 23, but not quite always.

Because the Gregorian calendar is not quite in perfect symmetry with the Earth’s orbit, the autumn equinox will very occasionally fall on September 24. This last happened in 1931 and will next happen in 2303.

We typically think of ‘fall’ as the North American version of the word ‘autumn’, but it was in fact in widespread usage in England until relatively recently. Originally a shortening of the phrase fall of the leaf, the phrase was common in England in the 17th century. The word autumn entered English from the French automne and didn’t become common usage until the 18th century.
MATICU SLOVENSKÚ NAVŠTÍVIL
NOVOVYMEMOVANÝ PREDSEDA
ÚRADU PRE SLOVÁKOV V ZAHRANIČÍ

Kontinuita spolupráce Matice slovenskej a Úradu pre Slovákov žijúcich v zahraničí (ÚSŽZ) úspešne pretrváva viac ako jedno desaťročie. Kooperácia najstaršej vedeckej a kultúrnej ustanov založenej na Slovensku – Matice slovenskej – s Úradom pre Slovákov žijúcich v zahraničí sa v ostatných rokoch značne vylepšila. Vhodné obnovenie kontaktov s oboch inštitúciami v poradí medzi inštitúciami, poradnými orgánmi a predstavitelia Matice slovenskej v zahraničí sa v roku 2020 uskutočnilo aj v rámci spoločného projektu s účinkom vďačnosti za spoločnú práciu a výzvu spolupráce s niektorými spoločnými iniciatívami.
